**TITAN REAL ESTATE INVESTMENT GROUP AND CAPITAL EQUITY GROUP ACQUIRE 172-UNIT
MULTI-FAMILY PROPERTY – ARBORS AT BROOKFIELD APARTMENTS IN MAULDIN, SOUTH
CAROLINA**

Renovation and Repositioning Planned for Property with Excellent Location

Greenville, SC [April 1, 2007] – Titan Real Estate Investment Group, LLC, a private real estate investment firm, in partnership with Capital Equity Group, Inc. has acquired a 702-unit , 726,588-square-foot multi-family property located in Greenville, South Carolina. The seller was B&M Management out of Montgomery, Alabama. The apartment complex is located on Butler Road adjacent to the Mauldin High School and in close proximity to Woodruff Road, a major retail corridor in Greenville. The property is currently 95% occupied.

The Greenville multi-family market has rebounded from the lackluster performance associated with the economic downturn that began in 2000. The market's overall occupancy has improved and properties are starting to see an improvement in effective rent growth.

"Our renovation plans for Arbors includes adding an amenity package that we feel will be unique for an asset of this size in Greenville", said David Broderick, Director of Asset Management of Titan. " " With the renovation of the facilities we will also re-brand the asset to cater to the expanding office community surrounding the Property" continued Broderick.

Financing for the property was arranged through Bank of America and Greg Arrell of Hughes & Arrell, LLP of Houston, Texas acted as counsel representing the interests of Titan and Capital Equity Group. Jim Lomenick of First American Title Insurance Company in Atlanta served as escrow and closing agent for the transaction. B&M Management will continue to manage the apartment community.
